# EXAMINE GOD, AND BETTER SERVE THE WORLD.

Who is God? How do we come to know God? How does God call us to live in the world? Questions like this are some of the most fundamental and ancient inquiries. We explore faith and what it has to say about the underlying purpose and meaning of all things, including our own existence. We look for the deeper unity beneath all reality, its common origin and ultimate purpose.

At Marquette's Department of Theology, you'll take classes from nationally recognized theologians who are distinguished for their research, writing and teaching. And in addition to studying Christianity, you'll have a chance to examine the distinct and various perspectives of other religions.

## MAJORS

As a senior, you'll complete a Capstone Seminar. You'll pull together what you've learned over the last four years and do a deep dive into a theological topic you're interested in.
